

# HEALTHCARE-NOW! NYC

SINGLE PAYER • HEALTHCARE IS A HUMAN RIGHT • MEDICARE FOR ALL

*2/3 of all bankruptcies in the US are caused by medical debt*

*Most of those bankruptcies were filed by people who  
had health insurance at the time of illness*

*Each year, over 2,000 New Yorkers die due to lack of health insurance*

## **THE SOLUTION IS CLEAR! SUPPORT NY STATE'S SINGLE-PAYER UNIVERSAL HEALTHCARE BILL**

### **EVERYBODY IN, NOBODY OUT**

All NY residents will be covered regardless of age, income, health, or employment status - truly universal healthcare.

### **GET QUALITY HEALTHCARE**

All medically necessary health services are covered including preventive and primary care, hospital care, dental, vision, hearing, prescription drugs, mental health, treatment for drug and alcohol addictions, and rehabilitative care.

### **YOU CHOOSE YOUR DOCTOR**

You would be able to choose and keep your preferred doctor. You will not be forced to choose one due to employer based or in-network insurance plan restrictions.

### **HEALTHCARE FOR YOU, NOT FOR PROFIT**

Get the care you need without the cost of marketing, sales, denial of claims departments, and CEO salaries raising rates.

### **NO MORE MEDICAL BILLS**

No out-of-pocket costs; no more co-pays, premiums, or deductibles; no more medical debt or bankruptcy. Instead, all healthcare would be paid for by progressive taxation.

### **BETTER CARE AT A BETTER PRICE**

A single-payer system requires less administrative costs than private health insurance. It's cheaper for you and New York.
